THE BEST
OPTION
IS THE MOST
STYLISH ONE.

Discover our remote controls

WHAT'S YOUR STYLE?

Two complete and functional lines, expressing two distinct personalities.

GIRO

INNOVATION, ELEGANCE, SOPHISTICATION.

POP

SPONTANEITY, ORIGINALITY, BRIO.

GIRO

ELEGANT DESIGN,
REVOLUTIONARY FUNCTIONALITY.

With Giro, we've changed our approach to remote control design.

With just a simple movement of your thumb, the circular design facilitates a more natural interaction with your device.

- Ergonomic rotary command for optimal control.
- It is now easier to select channels and access the solar function, thanks to the dedicated buttons.
- Hidden controls for protected programming in the battery compartment.
- Posterior LED indicator, specifically for programming activities.

POP is the new line of remote controls which are practical and essential, and available in six colours.

The two closing caps and the removable cord are available in grey or orange in the standard version, as well as in four other colours, thanks to the optional kit.

CUSTOMISABLE IN 6 COLOURS

Available on order, the kit can be used to customise your remote control, making it easy to differentiate from other controls in your home.

The large white LED display screen is easy to read, while the wall-support with just one hole let you hang your remote to the wall.

POP

TAKE CONTROL OF YOUR DEVICES WITH A TOUCH OF COLOUR.

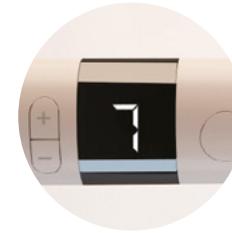

CHARACTERISTICS

The POP and GIRO remote controls use long-life AAA batteries that can be easily replaced.

All programming functions on all models automatically lock and are available in four versions.

GIRO

POP

MONO

One-channel remote control with front indicator for operating a motor or group of motors.

PLUS

Multi-channel remote control with seven individual channels and global channel 0.

Option to only visualise used channels on the display.

GIRO PLUS also has dedicated back/forward buttons to select the desired channel.

LUX

One-channel remote control for one motor or one group of motors. The Lux control allows you to enable or disable the solar function in motors and receivers compatible with the WindTec Lux climate controls.

P-LUX

Multi-channel remote control with seven individual channels and global channel 0. Option to only visualise used channels on display.

The Lux remote control allows you to activate and de-activate the solar function in motors and receivers compatible with WindTec Lux climate control, either individually or on the global channel.

GIRO WALL

A STYLISTIC ADDITION
TO ANY WALL.

**We transferred the elegance
of GIRO in a single-channel
wall-mounted remote control.**

- A slim square design, ideal for hanging on the wall.
- The wall bracket can be fully disassembled.
- Automatic lock for programming functions.

TECHNICAL SPECIFICATIONS

GIRO

Power	2,4V - 3V dc
Battery type	2 x LR03 (AAA)
Transmission frequency	433,92 MHz
Modulation	AM/ASK
Decoder system	Rolling Code
Outdoor range	150 m
Functioning temperature	-10° C +50° C
Dimension (mm)	160 x Ø30
Weight	100 g

POP

Power	2,4V - 3V dc
Battery type	2 x LR03 (AAA)
Transmission frequency	433,92 MHz
Modulation	AM/ASK
Decoder system	Rolling Code
Outdoor range	100 - 150 m
Functioning temperature	-10° C +50° C
Dimension (mm)	132 x 32 x 16
Weight	63 g

GIRO WALL

Power	2,4V - 3V dc
Battery type	1 x CR2430
Transmission frequency	433,92 MHz
Modulation	AM/ASK
Decoder system	Rolling Code
Outdoor range	150 m
Functioning temperature	-10° C +50° C
Dimension (mm)	78 x 78 x 10
Weight	95 g
