OCEAN RX

The most reliable and versatile solution
with an integrated radio and manual override.

Made in Italy

Ocean RX

The awning motor with mechanical limit switch, built-in radio and manual override with a 1:24 reduction ratio.

- > **Precision regulation for cassette awnings**
The mechanical stop and regulation of the closing force enable the perfect awning closure, avoiding the danger of excessive pull on the fabric.
- > **Wireless and wire connection**
In addition to the wired control option, a wireless connection can be created between the motor and the following climatic controls: WindTec, Mistral and Rugiada.
- > **Obstacle detection up-wards**
Sensitivity can be regulated at 3 levels via remote control.
- > **Easy to programme and adjust**
The motor confirms all the steps by means of small rotations.
- > **Time and safety efficient**
Increased safety guaranteed by the Rolling Code coding system.

Ocean RX

Specific functions

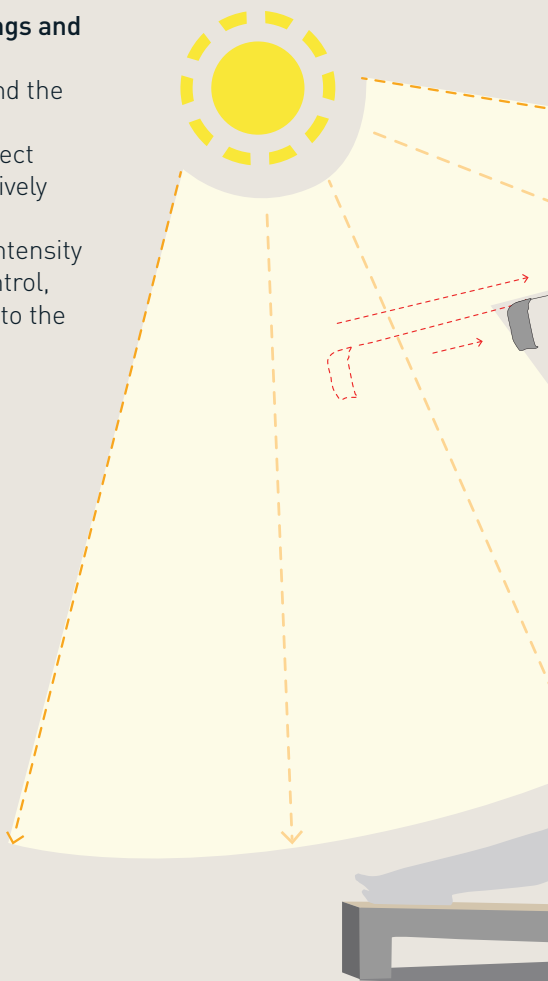

- **Attachment without brackets**
The motor can be fixed directly to the support, thanks to the metal head.

- **Perfect closure of the cassette awnings and fabric protection**

Just set the closing limit switch beyond the mechanical stop.

The closing force guarantees the perfect closure of the awning, without excessively pulling on the fabric;

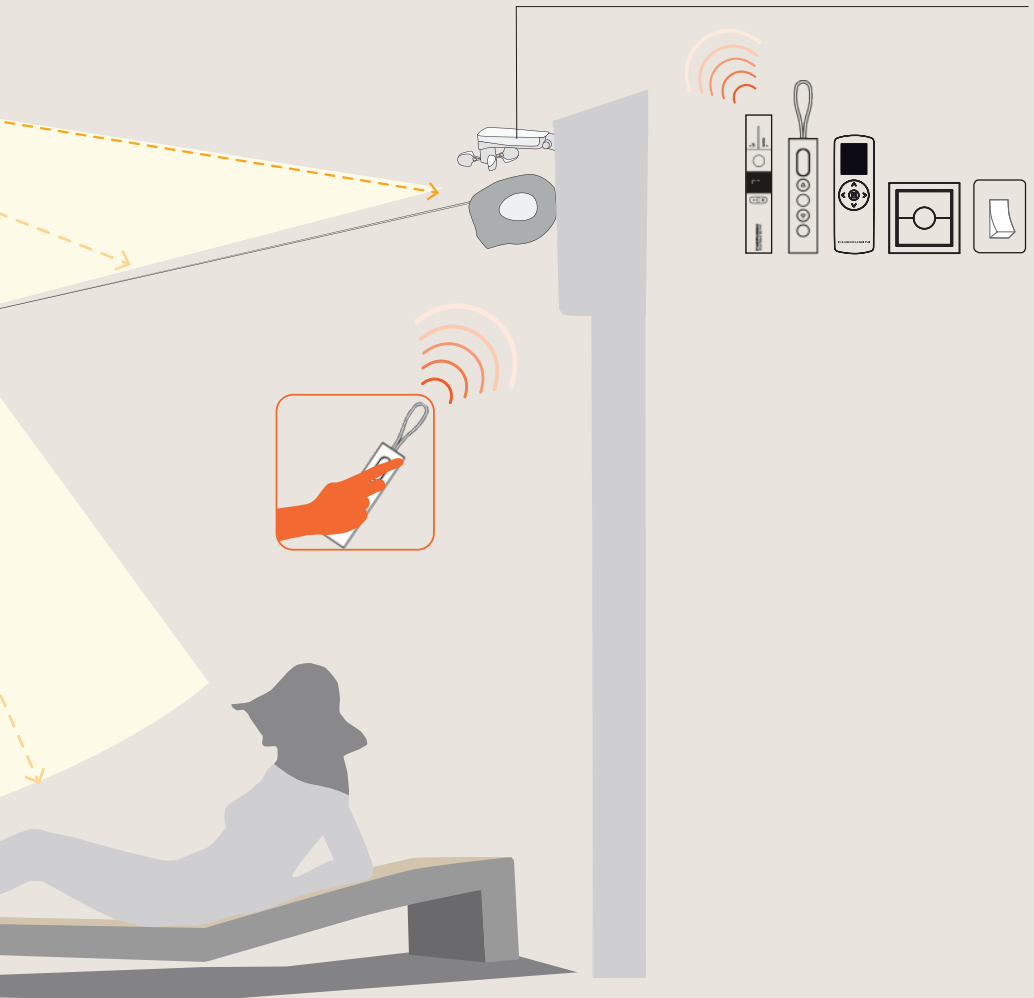

in fact, you can set the closing force intensity to three different levels by remote control, decreasing or increasing it according to the end result you wish to obtain.

➤ **Optional connections**

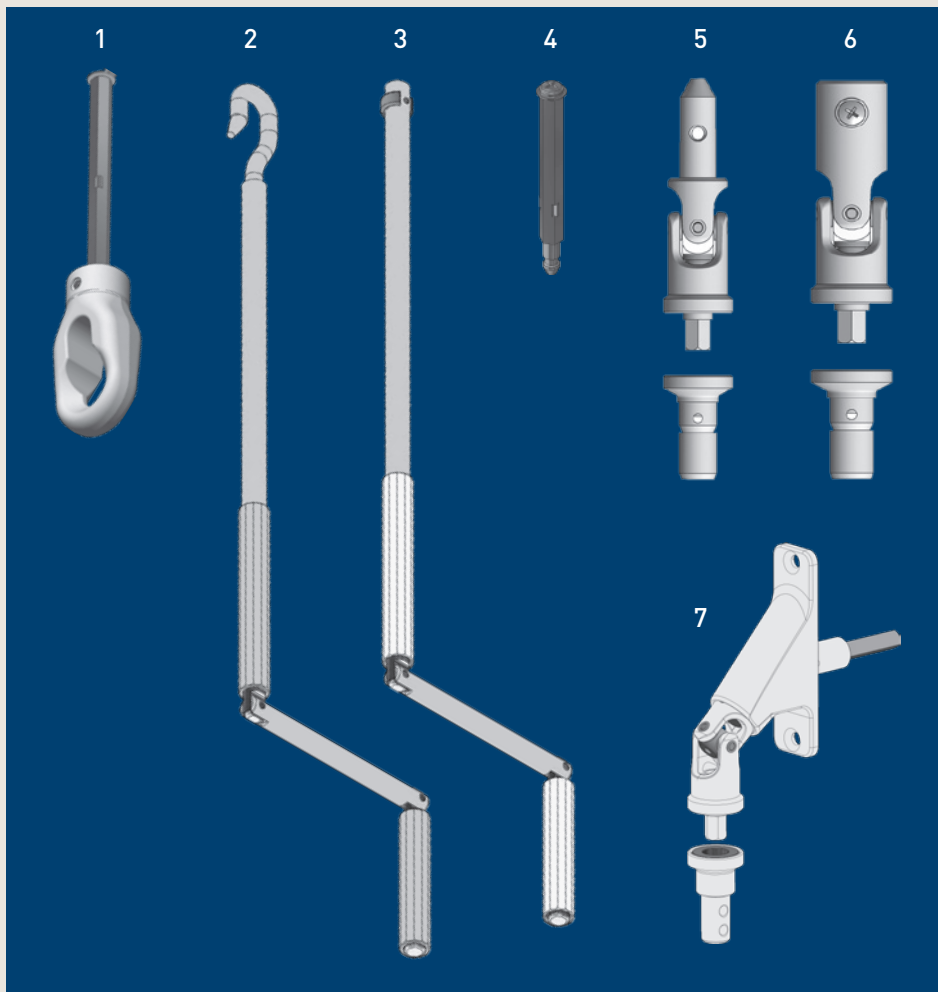

Wired switch.

Connection to WindTec, Mistral and Rugiada climatic controls via radio.
